PREFACE

This volume constitutes the twenty-sixth in the series of Cambridge Blue Books. The book has grown in that length of time, keeping pace with the growth of the City.

We are pleased to note the encouragement accorded our work as shown by the orders both of subscribers and advertisers. We wish to thank all who have responded to our inquiries for information and courtesy extended our canvassers.

The attention of our readers is called to the advertisements. They represent the live and progressive merchants of our cities.

The information relating to clubs, societies, etc., is as complete as we could get at the date of going to press.

The book will be found useful and indispensable, alike for home and office.

Respectfully,

EDWARD A. JONES, Treas.

FACTS ABOUT HOOD'S MILK

A PERFECT MILK IS A PERFECT FOOD

H. P. Hood & Sons originated and employed hygienic methods in the production of PURE, CLEAN and SAFE Milk in the country years previous to any measures being taken by the Boards of Health or United States Department of Agriculture.

During sixty-five years of continuous service not a case of disease has been traced to Hood's Milk.

The name of "HOOD" is and has been for sixty-five years a synonym for excellence of dairy products and honesty and liberality in commercial dealings.

H. P. Hood & Sons have always maintained the highest standard in the quality of their dairy products and sell milk, cream, butter and cheese at the lowest price for which a PURE, CLEAN and SAFE article can be put upon the market.

The transportation facilities from their sources of supply in the country to the consumers in the city, and their local and suburban delivery system are unexcelled.

Hood Farm Milk won an Award of Merit for Excellence of Quality at the National Dairy Show Association Exhibition held under direction of the United States Department of Agriculture at Chicago, Illinois, February, 1906, after having taken the longest journey of any of the twenty-one lots of milk exhibited.

Hood Farm Milk won the First Premium for Excellence of Quality offered by the Granite State Dairyman's Association at an exhibition held at Peterborough, New Hampshire, December 7, 1906.

Hood Farm Milk won HIGHEST HONORS and Gold Medal in the National Dairy Show Association Milk and Cream Show, at Chicago, Illinois, October 20-29, 1910, held under direction of the Dairy Division, Bureau of Animal Industry, United States Department of Agriculture, scoring 97.5 points, the highest award in an exhibit of one hundred and five samples from twenty different states and Canada.

Hood's Milk, Cream and Butter are supplied fresh every day in more than 100,000 homes, hotels and restaurants of Greater Boston, Lawrence, and Manchester, N. H.

Hood's Butter was awarded Sweepstakes and First Premium by the Granite State Dairyman's Association at their Annual Meeting and Exhibition held at Exeter, New Hampshire, January 14, 1910.

No other milk dealers have expended the money to safeguard the health and happiness of their customers by employing experts as inspectors to instruct the farmers—first, as to the health of the herd and its protection; second, the cleanliness of the cows and their surroundings; third, construction and care of the utensils; fourth, the health of the employees and the manner of milking; fifth, handling the milk; the maintaining of a laboratory, and making daily bacteriological tests and analyses; perfecting unexcelled transportation facilities and protecting the milk, cream and butter from contamination during transportation from the farm to the consumer's door, insuring them to be PURE, CLEAN and SAFE.

HOOD'S CREAM IS THE CREAM OF QUALITY
